SAPHO No. 4307

At the breeding stables of W. W. Wagner in Estancia, N. M., will be found the following excellent breeding animals:

SAPHO No. 4307, the imported German Coach stallion.

KING HIGH FALUTIN No. 4055, the Kentucky bred Saddle stallion.

BRILLIANT, the 1700-pound draft stallion, papers reported lost and for that reason breeding cannot be stated other than as unknown, but decidedly of the Percheron type.

MISSOURI BUGLE No. 5713, the Missouri bred Jack.

DICK BABY No. 20425-4234, the New Mexico bred Jack who sired the 2-year-old that took first premium for jacks any age, and two 2-year-olds that took first and second premiums for jennets any age, at Estancia 1915. He also took first and second premiums at the state fair two years in succession.

All these animals have been examined by a representative of the State Stallion Registration Board as provided by law, and certificates issued showing them to be free of any hereditary, infectious, contagious or transmissible diseases.

The above mentioned animals would be a credit to any breeding stable in the United States. We will be pleased to show them to all who are interested in high class stock.

Those wishing to send horses from a distance for breeding can have them kept any length of time desired during the season, either in pasture or on dry feed, at reasonable prices.

Some seem to think that the "hoodoo" goblin has been turned loose in this section, and is putting in his time on the wells. It seems that about two have failed for the Edmonds; J. B. White is almost waterless, and G. W. Austin's—one of the best in this part—is quite weak. But most people, instead of the goblin theory, think the wells need slushing out.

A. A. McDaniel of Wellington, Texas, and two Messrs. Graves from the eastern part of this state are living on the Neilsen place until they can decide on a location. They have about 40 head of cattle with them.

One of our fair young ladies gave us the slip last Saturday when Miss Sarah Kellogg was married to Elmer Wagner.

Dr. Amble was called to the Miller home one day last week to see Mrs. Miller. She has been suffering quite severely from a bad tooth.

Parties are the order of the day now. Miss Emma Eblen gave one on the night of the 3rd, Miss Merle Barron gave one on the 10th, and invitations have been issued by Martha Lewis Buckner for the 15th. They have all been well attended and games were played until the "wee small hours."

M'INTOSH

Special Correspondence.

W. W. Wagner has the prettiest sight around here—a bunch of colts that show their blue blood by going through the saddle gait, and the colts are only a few weeks old.

Mr. and Mrs. Earl Smith and D. D. Smith and little Miss Mildred Emma attended church services here the 11th. Burns said, "Man often gangs agile" and so did I when I called Mildred Emma by the name of Esther several weeks ago.

Mrs. L. C. Fix entertained the Ladies' Aid at her home the 6th. The afternoon was spent in working on the quilt, after which delicious refreshments were served.

Rev. Buckner preached to a large audience the 11th. He and his wife were the guests of Mrs. M. B. Falconer for the rest of the day.

Everett and Clara Torrence, Dixie Lipe, Virginia Tutt, Wayne and Mabel Laws, Miss Wheritt, Luther Vanderford and Chas. Strong went to a party given by Mr. Barron in the Cedar Grove district the 10th.

The same evening the Misses Spencer and Nellie Long, Lem Vanderford, Cecil Starkey and Clarence Stump attended a party given by Rufus Willy in the Buffalo Springs neighborhood.

The representative of the Agricultural College gives a canning demonstration here in the Ladies' Club room the 14th.

D. S. King has so far recovered the use of his eyes that were injured in a premature explosion of a blast in his mine, as to be able to read a little by the use of glasses.

Mr. Wallaces have their house repaired and repapered and have moved in.

Mrs. Hockersmith of Kentucky came the 6th to spend three months with her daughter, Mrs. Tutt. It seems good to have her with us again.

Mr. Bergmann returned from Albuquerque bringing rings for several of his little friends, among whom were Marian Lipe and Jewel Brittain.

LUCY

Special Correspondence.

A. J. Green and family and J. S. Kelly and wife stopped at Lucy a few moments last Sunday.

Austin & Co. shipped over a thousand pounds of hides and pelts last week. They paid the best price ever paid in Lucy—25c for hides, and 19 1-2c for pelts, in cash.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, in sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere. adv
